<p></p><p>A single-player video game is a video game where inp

ut from only one player is expected throughout the course of £ , the gaming sess

ion. A single-player game is usually a game that can only be played by one perso

n, while "single-player £ , mode" is usually a game mode designed to b

e played by a single player, though the game also contains multi-player £ , mode

s.[1]</p>

<p>Most modern console games and arcade games are designed so that they ca

n be played by a single player; although £ , many of these games have modes that

allow two or more players to play (not necessarily simultaneously), very few ac

tually £ , require more than one player for the game to be played. The Unreal To

urnament series is one example of such.[2]</p>
