éis a 2D version of the legendary construction game M
inecraft. Before starting the game, you can choose many different skins for your
character and game modes. Survival mode requires skill and ingenuity - you must
collect resources and food to stay alive and build a settlement for yourself to
live in. As in most minecraft games, you will also encounter animals and differ
ent terrains such as forest, water, rocks and fields. Mine stone and wood to mak
e tools and use these tools to mine more advanced materials to build buildings.
In addition to the survival mode, you can also play the creative mode - this gam
e mode allows you to use your imagination to make practically anything you can t
hink of. For example, use various materials to build cities, castles and entire
worlds. If you want, you can also load premade maps created by other players! St
