On April 6, Sledgehammer Games announced an overhaul to the Divisions system, which includes massive changes to the meta of the system: Division-specific weapon skills are selectable as attachments for the corresponding weapon classes rather than being tied to the Divisions (with LMG bipod) Tj T* BT

vision trainings are switched out/adjusted to better promote their recommended playstyle, without posing limitation of customization on the players. Other global changes include allowing suppressors on pistols, usage of rocket launchers without needing the Launched basic training, and infinite sprinting.

Nazi Zombies [edit]

During the Battle of the Bulge, the platoon is surrounded by Germans. African-American combat engineer Howard (Russell Richardson) helps the platoon contact air support. Daniels obtains intelligence from a German POW revealing that the Germans plan to destroy the bridge at Remagen, the last bridge over the Rhine. After destroying the explosives in transit, the platoon attacks a nearby air base to destroy the remaining explosives. The attack fails, and Zussman is captured. Daniels disobeys Pierson and attempts to pursue the truck carrying Zussman, but is wounded and fails, with Pierson firing him from the platoon; Zussman is sent to a concentration camp. Daniels is awarded a Bronze Star for discovering the German intelligence, and given the option to return home to his pregnant wife. Daniels refuses, however, still desiring to rescue Zussman. Upon confronting Pierson, he learns that Pierson was actually demoted, after the Battle of Kasserine Pass, for disobeying orders to retreat in a failed attempt to save part of his platoon. Pierson allows Daniels to rejoin the platoon.
