Moto X3M is an online bike racing game. The goal is to race your motorbike through levels with massive, moving obstacles that you have to jump over or avoid. You can flip in the air to decrease your final time and earn a perfect score. Know when to stop, or crash and respawn. Try to complete the levels in as little time as possible.

Moto X3M was first released as a web flash game in 2014. Later on it was ported as a html5 game by the game development studio Madpuffers. Moto X3M is the first release in the series of Moto X3M that include Moto X3M Winter, Moto X3M 5 Pool Party and the latest Moto X3M Spooky Land. This series of games are also one of the most popular games in our Motorbike Games category.
