Polytheistic peoples from many cultures have postulated a thunder god, the personification or source of the forces of thunder and lightning; a lightning god does not have a typical depiction, and will vary based on the culture. In Indo-European cultures, the thunder god is frequently known as the chief or King of the Gods, e.g. Indra in Hinduism, Zeus in Greek mythology, and Perun in ancient Slavic religion.

If you can't connect to a Wi-Fi network that you could connect to before, it's possible that the network settings might have changed or the profile is corrupted.

To fix this, remove (or "forget") the network connection, then reconnect to the network.
