Sit upright and you'll have the least chance of getting an auto injury. If you're wondering how to survive a car crash, the

only thing more important than sitting upright is wearing a seatbel

t. It will keep you secure and will lower your risk for serious injury. Headrests will also protect you during an accident.&

Head-On Collisions

One of the most dangerous types of car accidents is a head-on collision. Because these crashes involve the full force of both vehicles

colliding head-on, they have the potential to cause significant damage and even death.&
