and the battery goes dead or the device breaks or gets stolen, you could get it replaced or repaired. Ensuring that your device is always up to date with the latest software updates and security patches can help reduce the risk of theft or loss. Additionally, using a secure lock screen and enabling biometric authentication (like a fingerprint scanner) can provide an extra layer of security.

The following are some of the most popular mobile gaming apps available on the App Store and Google Play:

- Call of Duty: Warzone Mobile
- Fortnite
- Halo Infinite
