The Call of Duty series games are made in IW engine by Infinity Ward.

You probably would've seen the name when you start any COD series game. Almost every game shows the game engine which it is built in. The IW game engine uses C++.

Which programming languages are used in the Call of Duty series?

Dota 2 can be challenging for beginners due to its complex gameplay mechanics, deep strategy, and a large roster of heroes with unique abilities. Unlike some other MOBAs, Dota 2 has a steep learning curve, requiring players to understand various game mechanics, item builds, map awareness, and teamwork.
