Sit and go is a popular form of playing poker online, where players sit around a virtual table and play a part of the game.

How it works?

Sit and go comes with a group of players who sit around a virtual table. Each player receives a predetermined amount of chips, which

can be used to make bets during the game. The objective is to win more chips from other players.

Bet

Each game has a pot of chips to be won. To make a bet, each player must post or call. The pot is then divided among the winners.

At the end of the game, the pot is divided among the winners.

The pot is divided among the winners. The pot is divided among the winners.

For example, if you have a hand with a pair of kings and your opponent has a pair of queens, you would win the pot.

You would win the pot if you have a pair of kings and your opponent has a pair of queens.

It is important to know your opponent's hand strength.
